One Step / Knife Defense

1. **Attacker:** Right-handed downward "ice pick" stepping in with right foot.

Defender: Step back with right foot and kihap! Left arm up to block and left foot in, right arm over attackers bicep, apply figure 4 lock on the arm, walk forward to take attacker down, execute finishing punch.

2. **Attacker:** Right-handed "spearing jab" attack while stepping in with right foot.

Defender: Step back with right foot and kihap! X block the wrist (right handed over left), right thumb grabs attackers hand and peels the hand over clockwise, bring the left hand up to grab, use thumbs to apply pressure, force attacker down to the floor, step over with left leg straddling the arm, execute arm break on inside of leg.

3. **Attacker:** Right-handed inwards slash followed by an outward slash

Defender: Step back with right foot and kihap! Avoid the first slash & step into the guard, block with an upset double knifehand block and grab arm with right hand, conduct palm heel strike with left hand to opponents elbow, right knifehand strike to back of neck, right sidekick to back of knee, right ax kick to back of opponents head.
